Payar Malasiqui, Pangasinan | +639812536033 | malillinedelyn0@gmail.com

SUMMARY

I am a fourth-year Bachelor of Science in Information Technology (BSIT) student with experience in system administration, IT support, and technical documentation. Skilled in user account management, networking, system security, and database handling. Proficient in creating visual documentation, system diagrams, and user guides to improve usability and communication. Seeking an internship/OJT opportunity to apply academic knowledge, gain hands-on experience, and contribute to efficient IT operations.

EDUCATION

Bachelor of Science and Technology

2022- PRESENT

- Philippine College of Science and Technology
Old Nalsian, Calasiao, Pangasinan

ACADEMIC PROJECTS

Capstone Project: Automated Library Attendance Monitoring System Using QR Code

- Developed a web-based attendance monitoring system using QR codes for students and faculty
